

Aditya Sharma

aditya.sharma@gmail.com | +91 9876543210 | Bangalore, India

EDUCATION

B.Tech Computer Science Engineering

SRMIST Ghaziabad | 2021 - 2025 | CGPA: 8.7

SKILLS

Programming: Python, Java, JavaScript

AI/ML: Machine Learning, Deep Learning, TensorFlow, PyTorch, scikit-learn

Data: Pandas, NumPy, Matplotlib, SQL

Web: Flask, React, HTML, CSS

Tools: Git, GitHub, Jupyter, Google Colab, Docker

Database: MySQL, MongoDB

EXPERIENCE

Machine Learning Intern | TechCorp India | June 2024 - August 2024

- Built sentiment analysis model using Python and NLTK with 89% accuracy
- Deployed ML model using Flask REST API serving 10,000+ daily requests
- Processed large datasets using Pandas and NumPy pipelines

PROJECTS

1. Smart Resume Screening System

AI-powered resume screening with TF-IDF + Cosine Similarity + Gemini AI integration

Tech Stack: Python, Flask, React, MySQL, scikit-learn

2. Stock Price Predictor

LSTM neural network for predicting stock prices with 91% accuracy on test data

Tech Stack: TensorFlow, Keras, Pandas, NumPy, Matplotlib

CERTIFICATIONS

- Google Machine Learning Crash Course
- Python for Data Science - Coursera
- SQL for Beginners - Udemy
